

Important information regarding hazardous goods marking of units transported on Stena Line's vessels.

All tank units must have additional marking to the ordinary markings as well as dangerous goods categories also need a proper shipping name marked on both sides of the tank.

Please see below information from the IMDG Code and pictures regarding proper hazardous goods markings on all tank units. This also includes tank trucks. Baltic Sea Regulation transports are not affected by this rule.

IMDG Codes

5.3.2 Marking of cargo transport units

5.3.2.0 Display of Proper Shipping Name

5.3.2.0.1 The Proper Shipping Name of the contents shall be durably marked on at least both sides of:

1. tank cargo transport units containing dangerous goods;
2. bulk containers containing dangerous goods; or
3. any other cargo transport unit containing packaged dangerous goods of a single commodity for which no placard, UN Number or marine pollutant mark is required. Alternatively the UN Number may be displayed.

5.3.2.0.2 The Proper Shipping Name for the goods shall be displayed in characters not less than 65 mm high. The Proper Shipping Name shall be of contrasting colour with the background.
