Intermodal Solution Gothenburg – Kiel – Verona

With access to one of the most extensive short sea networks and frequent departures, we link the intermodal network across Europe. We have designed our reach to work in line with our sustainable shipping goals and our customers' need for fast, and optimised shipping processes.

Our dedicated and flexible departures are adapted to match connecting trains, ensuring a punctual and highly reliable delivery service. If needed, we can assist with arranging last mile transportation beyond our terminals and offer other intermodal routes to and from Gothenburg in connection to Sweden and Norway.

The new intermodal solution run by Stena Line is connected to our new online portal where you can create bookings and see status updates for your shipments on route.

Co₂ reduction

Significantly reduced carbon emissions compared to shipping with truck*

Lead time

Short lead time. Deliver the right products to the right place at the right time
