

# CHANGES TO ENS DUE TO S&S GB – ACCOMPANIED UNITS

After implementation 31 January 2025, more data must be provided for sailings to the UK.

GB EORI is mandatory for carrier/haulier details in accompanied movements.

The screenshot shows the 'ENS Declaration' form in the 'Freight Portal'. At the top, it displays 'ENS Declaration - 99887766' with a yellow 'Unconfirmed' status. Below this, the 'Shipment details' section includes fields for 'Carrier / Haulier GB EORI' (highlighted with a red box), 'Route' (Hoek van Holland - Harwich), 'Departure' (2024-01-07, 23:00), 'Arrival' (2024-01-08, 08:00), 'Vehicle type' (Artic), and 'Vehicle registration number' (ABCD1234). The 'Consignor / Sender' and 'Consignee / Receiver' sections contain optional EORI fields and mandatory fields for company name, street address, number, post code, city, and country. The 'Nominated agent / Releasee' section has an optional field for the nominated agent. The 'Goods' section at the bottom has a table with columns for 'No.', 'No. packages', 'Package type', 'HS-code (optional)', 'Goods description', 'Gross weight (kg)', 'Hazardous goods', and 'UN number'. A red arrow points from the 'Carrier / Haulier GB EORI' field to the text 'GB EORI is mandatory for carrier/haulier details in accompanied movements.'

## New Mandatory Fields

### Hazardous goods

New property to indicate if goods are Hazardous.

### UN number

In case of shipping Hazardous goods, there is a new property to indicate the UN number.

### Carrier/Haulier

- GB EORI is mandatory
  - Apply for a GB EORI: <https://www.gov.uk/eori/apply-for-eori>

## Existing now Mandatory Fields

### Consignor/Sender

- Name, Address, Postal Code, City, Country
- *Optional: EU or GB EORI*

## Consignee/Receiver

- Name, Address, Postal Code, City, Country
- Optional: EU or GB EORI

## New Optional Fields

### HS code

6 digits on goods level.

## Important!

For units travelling via Pre-lodgement it will be optional to provide the ENS details via Stena Line.

- Accompanied + UK customs procedure PL/EX
- Accompanied + UK customs procedure TX

## Efficiently completing your ENS

- Recent Shortcuts:** Previously entered address and goods details will be saved for future shipments. By clicking on "Add my details" you company's details will be indicated.
- CSV Upload:** Feature to upload multiple goods items via CSV file is in development. Exact criteria and downloadable examples are available on our [S&S GB info page](#).

The screenshot displays the 'ENS Declaration' interface in the Freight Portal. At the top, it shows the declaration ID 'STNL0083270982001' and its status as 'Unconfirmed'. Below this, the 'Shipment details' section includes fields for Route (Hoek van Holland - Harwich), Departure (2024-01-07, 23:00), Arrival (2024-01-08, 08:00), Vehicle type (Trailer), and Vehicle registration number (ABC123). The 'Consignor / Sender' and 'Consignee / Receiver' sections are highlighted with a 'Recent' filter. A dropdown menu for 'Consignor / Sender' is open, showing a list of recent entries: 'Clothing company Rotterdam NL938493493', 'Bauers Rotterdam', 'Ica Hoek van H... NL012345687', and 'J.Ve Delft'. Each entry has an 'Add' button. The 'Nominated agent / Releasee' section is also visible. Below the shipment details, there is an 'Empty shipment' section with an 'Add goods' button. To the right, there is an 'Upload goods file (.csv)' button. A red arrow points from this button to a detailed 'Upload goods file' section. This section explains that users can save time by uploading a .csv file to the selected consignment. It provides a list of required CSV headers: NoOfPackages, PackageType, HsCode, GoodsDescription, GrossWeight, HazardousGoods, and UnNumber. It also includes a 'Select file from your computer' button and a drag-and-drop area for the .csv file. At the bottom right, there are 'Close' and 'Add goods' buttons.
